NILESH SUPADU MALI

+91-9356315793 | nilu12969@gmail.com | LinkedIn | GitHub | Nashik, Maharashtra

OBJECTIVE

Aspiring Artificial Intelligence and Data Science undergraduate with a strong foundation in building production-ready full-stack applications. Passionate about leveraging **Data Science and Machine Learning** to deliver impactful, innovative, and user-centric technical solutions.

TECHNICAL SKILLS

Languages: Python, Java, C++, JavaScript, HTML, CSS

Frontend: React, Tailwind CSS

Backend & Data: Node.js, Express.js, MongoDB, MySQL

Tools & Cloud: Git, GitHub, Vercel, Netlify, Socket.io, JWT, Razorpay

PROJECTS

PizzaGo – Full-Stack Pizza Delivery Web Application 2026

- Developed a comprehensive, production-ready pizza delivery platform featuring real-time order tracking and secure payment processing.
- Engineered a custom pizza builder and automated PDF invoice generation using PDFKit, while securing user data through OTP-based email verification and JWT authentication.
- Integrated WebSockets (Socket.io) for real-time updates and an admin dashboard for inventory management and sales analytics.

Emergency Alert System 2026

- Built a full-stack emergency reporting platform designed to streamline communication and improve response times during critical situations.
- Developed a responsive user interface with React and implemented efficient RESTful APIs for secure data storage and retrieval in MongoDB.

EXPERIENCE

Web Development Intern – Oasis Infobyte (Remote) Jun 2026 – Jul 2026

- Developed responsive web applications using the MERN stack and integrated reusable UI components.
- Collaborated on projects using Git and GitHub for version control, ensuring code quality through consistent testing and debugging.
- Optimized application performance, resulting in a significantly improved and more seamless user experience.

EDUCATION

Bachelor of Technology (B.Tech.) in Artificial Intelligence and Data Science 2024 – 2028

Karmveer Adv. Baburao Ganpatrao Thakare College of Engineering, Nashik

CGPA: 7.99 / 10

Relevant Coursework: Data Structures & Algorithms, DBMS, Object-Oriented Programming, Artificial Intelligence, Machine Learning, Data Science, Web Development.

CERTIFICATIONS

- Artificial Intelligence Fundamentals – Infosys Springboard 2025
- Java Programming – Infosys Springboard 2026
- Cyber Security Fundamentals – Infosys Springboard 2026
